

1183 DHC BT-300 12V Digital Battery & Electrical System Tester

- Designed to test WET, Gel Cell, AGM Flat Plate, AGM Spiral wound, Start-Stop AGM and EFB Enhanced Flooded batteries.
- Microprocessor Controlled
- Easy to Read LCD Display
- No Heat & No Spark
- Reverse Polarity Protection
- Accurate Test Result in 2 Seconds
- Specification:
 - Application Range: 12V Battery / 12V Electrical System
 - Operation Range: 40 ~ 1,200 CCA/SAE
 - Voltmeter: 4.5V ~ 15.99
- Made In Taiwan

Operational Manual Included.
