

# 9295 BMW EPS Steering Rack Thrust Piece Tool (F30 F3x 1 2 3 4 series)

- Made to remove or adjust the EPS steering thrust piece on your steering rack.
- This hand made tool is preferred to a standard pin spanner as the specific torque can be easily applied accurately (typically 55 – 70 Nm)
- Material: Chrome Molybdenum. Hex head is 27mm.
- Easy to use.
- Durable in use.
- Compatible Oem No: 32106891974
